

Snowman Cheeseball made with Rustlin' Rob's Dip Mix

Serves: 16 Servings

Heat Level: Varies by which Dip Mix you choose

Ingredients

- (2) 8 Ounce Packages of Cream Cheese, Softened
- (1) 4-6 oz. Jar Spreadable Cheddar
- (1) Pkg [Rustlin' Rob's Dip Mix \(your choice\)](#)
- 2 Cups Finely Shredded Mozzarella Cheese
- 1 Small Carrot
- 10 Whole Cloves
- 1 Slice Prosciutto
- 2 Sticks Rosemary
- (1) sm pkg. Dried Cranberries.

Instructions

1. Mix cream cheese, Spreadable Cheddar, and Rustlin' Rob's Dip Mix
2. Lay out two pieces of Plastic Wrap. Divide mixture into one larger ball (for the body), and a smaller ball (for the head). Form wrapped contents into balls.
3. Put both balls into refrigerator for approximately 2 hours.
4. Remove balls from Plastic Wrap, and roll into shredded Mozzarella until fully covered (make sure to keep round shape).
5. Stack the smaller ball (the head), on top of the larger ball (the body). We placed toothpicks between the head and body to keep them in place.
6. Insert cloves to resemble eyes, mouth, and buttons.
7. Make a crown out of the Rosemary (we used bread ties to keep it together). Place Dried Cranberries around to make it look like a crown. (refer to picture above)
8. Insert the Carrot to resemble a nose.
9. Cut Prosciutto into thin strips, and place around the neck to resemble a scarf.
10. Place it on desired tray, and serve with crackers

Note: Can cold cream cheese microwave cream cheese, cut into cheese for 40 seconds)
