Heat Level: Medium

Ingredients:

- 1 cup popcorn kernels
- ½ cup canola oil
- ¼ cup unsalted butter, melted
- 3 tablespoons [Rustlin' Rob's Jalapeño Ranch Dip Mix](#)

Directions:

In a 5-quart pot, heat oil over medium-high heat. Place 3 popcorn kernels in oil to test. Once they pop, add the remaining kernels in an even layer, making sure to coat well in oil. Cover and allow kernels to pop.

Once popping slows to a few seconds between each, remove from heat and dump into a large bowl. Drizzle with melted butter, toss to coat. Add ranch seasoning and toss to coat. Serve.
